CONNEQT™ — A NEW WAY TO MANAGE THE WELLNESS OF YOUR HORSE.

Our veterinary practice is excited to offer a brand new Wellness Management service called CONNEQT.™

CONNEQT.™ is your personalized web portal that you can access via our website. Through CONNEQT.™ you will be able to:

- See your horse's health care records, vaccination and exam status electronically from anywhere you have Internet access.
- Request and track appointments.
- Request and receive health care reminders.
- Print out a record of vaccinations for travel and shows. *(Not a substitute for health certificates.)*
- Access a comprehensive horse health care library.
- Personalize pages with your horse's photos.

DISEASE PREVENTION IS THE CORNERSTONE OF EQUINE WELLNESS.

Horses, like people, benefit from routine medical care. Through CONNEQT,[™] you will be able to manage the wellness of your horses and receive advice and veterinary support. If you don't already schedule routine wellness examinations for your horse, it's well worth starting.

An annual wellness examination is the foundation of good health care because it's the best opportunity to detect, prevent or treat the development of more serious problems at an early stage—before they result in emergencies or a prolonged setback.

A physical exam and risk assessment, dental exam, vaccinations against recommended diseases and fecal exam with targeted deworming treatment are all part of a preventive care wellness program. We may also recommend baseline lab work, a nutrition consultation and specific geriatric care in the case of older horses. Should the need arise for immediate consultation, having an existing relationship with us will be a great advantage. Our goal is to form a partnership with you to help assure the lifelong health and well-being of your horse.

HOW TO CONNECT TO CONNEQT.™
